2. Must have REGISTERED a litter with CKCSC-USA within the last two years. If you have not, you need to get THIS litter registration to the Registration Office prior to this litter being listed.
3. Cavaliers over one year of age must be registered with the CKCSC-USA before listing.
4. If you do not have an affix registered with the CKCSC-USA, the Club's affix (REGIS) will be used to list the litter.
5. A copy of this application will be forwarded to the Registration Office. Official CKCSC-USA paperwork to register the litter must be received by the Registration Office before the litter is 6 months of age to avoid published late fees.

Note: If you are not the Breeder of your Cavalier and are trying to find him a new home, you should know that the CKCSC-USA places expectations on its Club Breeders. Please read the Statement below carefully. If you have any problems finding a new home for your Cavalier, please contact the Breeder, if known, before placing the Cavalier into Rescue.

Statement of expectations placed on Club Breeders regarding dogs that may come into Rescue

The CKCSC-USA Board of Directors recognizes that Cavaliers bred and placed by Club Members occasionally need re-homing from the families to whom they were originally placed. Doing what is in the best interests of the individual dog is paramount. The CKCSC-USA holds every expectation that a Club Member Breeder **will take back any dog they have produced for the lifetime of that dog**. If a breeder is unable to take back and keep or re-home the Cavalier and the dog is placed in Rescue, the CKCSC-USA strongly encourages the breeder to work with Rescue to ensure the dog obtains any medical care needed, to provide any information that may be of help in the medical history of the dog and to compensate Rescue for all reasonable veterinary and other expenses incurred on behalf of the dog.
