

Cavaliers of the Northeast
06/10/11, Danbury, CT
Judge: Jacqueline Rusby

It was a nice surprise to be asked back to your club to replace a judge who was unable, for health reasons, to attend. I thank President Eckersley and the Board for thinking of me. I found no major faults amongst the assemblage of quality Cavaliers. Improvements needed are the same as in most breeds' i.e. equal lengths of shoulder and upper arm to enable a good drive when in balance with rear construction. When this is correct it alleviates "stuffy" necks which are found at times. We like a good size round eye which is so important towards the limpid, soft look.
