**08/22/15, Sturbridge, MA**  
**Judge: Rachel Venier (Orchard Hill)**

I was delighted to receive the invitation to judge the CNE's August 22, 2015 Championship Show in Sturbridge, Massachusetts. My thanks to the club for taking care of me through the weekend, to the competitors who exhibited their dogs with professionalism and grace, and to the stewards, particularly ring steward Liz Colbert, who kept the day running smoothly. There is nothing I enjoy more than studying dogs, and I was spoiled with a large entry, a big indoor ring, good lighting, and the elusive neutral-color hotel carpet. I was happy for our breed to see the depth of quality, particularly in the puppy, Bred-By Exhibitor, and Open classes. Throughout the day, I was looking for a moderate dog with gentle Cavalier expression, in balance with himself and of one piece both standing and moving. I was happy with the type and proportion on most exhibits, and very happy with my winners today. They are a credit to their breeders and owners.

**Junior Puppy Dog (3)**

**1. Kalidunn Sambuca at Mileslip** (Skidmore) Eight month old black and tan boy with pretty headpiece, correct proportions and large dark eye, ample cushioning. Cobby body with good bone, and straight silky coat texture. Carried his tail off his back and moved with drive. **2. Chadwick Bronze Prince** (Eckersley) Really good quality seven-month-old blenheim puppy dog. Handsome headpiece, expression not quite as soft at this age as the puppy in front of him. Great layback of shoulder, balanced front and rear with hard topline and good tailset. He moved with reach and drive. **3. Tassajara Stoli** (Seidman/Hughes/Berkau) Pretty head on this seven-month-old blenheim boy. Short coupled with straight silky coat texture. He seems to just be getting his legs underneath him in the ring.

**Senior Puppy Dog (4)**

**1. Forestcreek Heart of Rock N Roll** (Painter/Cline) I really liked this eleven-month-old blenheim puppy dog. He is all of a piece, in balance with ideal proportion (slightly longer than tall and equal distance shoulder to elbow, elbow to ground), stands four square, well angulated front and rear, and holds a strong level topline both standing and on the move. He has a lovely head with big dark eyes frontally placed, well cushioned beneath. Outstanding pigment and color and a great little showman. **Best Puppy Dog**

**2. Dreamvale Follow All My Moves** (Perini/Sage/Colbert) Ten-month-old typey blenheim puppy. Very handsome headpiece, large dark frontally placed eye, well-cushioned beneath, abundant coat, well-angulated front and rear, and hocks well let down. Another very nice puppy in this class. **2. Kellene The Blacklist** (Carter) Ruby boy, almost eleven-months old. Very pretty head with good proportion, short coupled with sufficient leg underneath him. Good topline, coat quality, and pigment. **4. Hiddencreek One Shot of Patron** (Weinstein/Green) This was a nice puppy who was all moderation: head, bone, and proportion. My notes say he is a good quality puppy who shows promise and just needs to gain ring confidence.

**Graduate Puppy Dog (7)**

**1. Miletree Perseus At Shirmont** (Henry) I was immediately taken with this young dog for his moderate proportion and soft expression which are the hallmarks of our breed. Lovely headpiece with correct proportions, slight stop, and moderate cushioning. With his large round frontally placed eyes and ears set high but not close, he had the distinctive gentle Cavalier expression. Good pigment, long well arched neck leading into well laid shoulders, hard level topline, rear angulation matching his front, hocks well let down, tail correctly set and carried off his back. He was true coming and going and moved with reach and very good drive. I thought this was a very nice young dog with breed type, correct breed proportion, and toy sporting spaniel soundness. It was a pleasure to have him in the ring. **Reserve Winners Dog**

**2. Piccadil For Your Eyes Only** (York) I thought this was another good quality dog. Handsome, masculine headpiece with large dark frontally-placed eyes, well-cushioned underneath. Ribs well sprung, balanced front and rear, short coupled, hocks well let down, and hard topline. Balanced movement. Presented in impeccable physical condition, well muscled, and a good showman. **3. Foxwyn Cool Water** (Norton/Baker-Fox) Beautiful headpiece on this young blenheim man. Large dark frontally placed eyes, soft expression. Good proportion of body. Dark pigment and color. Straight silky coat. I liked his size. He was less physically mature than the two boys in front of him. **4. Cambridge Rutledge** (Magera/Mitchell) Black and tan boy with very pretty head, frontally placed eyes, cobby body, good pigment and coat quality.

**Novice Dog (5)**

**1. Nordic Hills Persuasion** (Cerulli) Very nice ruby dog. Moderate head with large round eyes. Good proportion, outline, level topline, lovely neck that led into well-laid shoulders. Rear angulation matched front. Moved with reach and drive and tail off his back. This dog just needs "finish." **2. Kellene Resurrection** (Carter/Ezzo) Small black and

tan dog. Cobby shape, balanced front and rear, showing with abundant Cavalier attitude. **3. Avia Make it Work** (Poti) Blenheim dog with large round eyes, moderate head, correct proportion and good reach and drive on side gait. He just needs ring experience. **4. Crystalkane Dream Maker** (Alexander) Larger blenheim dog with handsome head, round eyes. well-cushioned headpiece. Good topline and balanced side gait.

#### **Bred By Exhibitor Dog (4)**

**1. Ch Hiddencreek Hugo Boss, JW** (Green) Blenheim dog with good type. This dog caught my eye across the ring because of his overall shape and balance. Large dark eyes frontally placed, well cushioned beneath, and a soft expression. Level topline and tail carried off his back, creating a pleasing side gait. The picture was finished with abundant straight silky rich red coat. He was beautifully prepared and presented and never let down showing. **Best Bred by Exhibitor Dog** **2. Shirmont Caddo Balliol, JW** (Henry/Dodson) Moderate-size cobby blenheim dog, short coupled with good bone. This dog was very well angulated, strong topline, hocks well let down, good tail set and carriage. True coming and going, good reach and strong drive. His head was handsome but a bit heavier than the first dog. Exuberant boy, at times a touch charmingly naughty. **3. Clarmarian Classic By Design** (Young-May) Another moderate size blenheim dog, beautifully prepared and presented. Handsome head with correct proportion of skull and slight cushioning under eyes. Slightly longer than tall, correct proportion shoulder to elbow, elbow to ground, and short coupled. Dark pigment, silky straight coat. **4. Castlemaine Harry Potter** (Warne) Well balanced and well proportioned dog. Handsome head, large eyes, which could have been a bit darker, well cushioned beneath. Level topline and balanced side gait.

#### **Junior American Bred Dog (1)**

**1. Infinidad Lil Runaway** (Laliberte) Ruby boy, eighteen months old. Pretty head with very big round eyes, slight cushioning beneath. Elegant young dog with particularly good arch of neck. Balanced movement. Rich red ruby color, dark pigment and straight silky coat texture. Exuberant, happy young man!

#### **American Bred Dog (8)**

**1. Mimric Moves Like Jagger, JW** (Painter/Hodges) Good quality blenheim boy. I liked him for his shape, balance, and overall soundness. Handsome head, well cushioned, shallow stop, large dark eyes. Correct body proportion, good spring of rib, short coupled, good bone. Dark pigment, silky straight coat. Presented in beautiful condition. Exhibited true Cavalier character and never let down showing. **2. Foxwyn Avant** (Meath) Another quality blenheim dog of similar type to #1. Masculine, handsome headpiece, lovely eyes and pleasing expression. Very good front end with good depth of chest, good arch of neck leading to well-laid shoulders. Strong topline and a rear that matched his front. He had a fluid side gait, moving with reach and drive, holding his balance and topline, and carrying his tail right off his back. **3. Briarcrest Burberry, C-RN, RN, CD** (Katz) Blenheim dog with a classic Cavalier headpiece, with no exaggeration and the softest expression. This was a glamorous dog with abundant coat, and he was well presented. He was slightly larger than the two in front of him, but of correct proportion (both slightly longer than tall, equal proportion shoulder to elbow and elbow to ground). He did not move out quite as freely as the two in front of him today. Nevertheless, I thought this was a lovely typey dog. **4. Dreamvale Ollivander** (Sage/Hallsted) This was the most charming blenheim dog who never stopped smiling and wagging through this large American Bred dog class. Handsome head with big dark eyes, well cushioned beneath, giving him a soft expression. Created a lovely picture on the move--true coming and going, with reach and drive on side gait. Slightly longer cast than those in front of him.

#### **Health & Conformation Dog (1)**

**1. Dancasa Cute as a Button, JW** (Tiedemann) Smaller five year old blenheim dog with pretty head and sweet expression. I liked that he was a cobby, short coupled dog. Good proportion, with sufficient leg under the dog, balanced standing and on the move, carrying his tail off his back. It was a pleasure to watch this dog still enjoying his job in the Health and Conformation class.

#### **Special Limit Blenheim Dog (2)**

**1. Piccadil When You're A Jet** (York) This was a typey blenheim boy. I liked him most for his compact shape and size while retaining correct proportion, with sufficient leg under the dog, good bone and substance, and Cavalier cushioning. Big dark round eyes with slight cushioning beneath and the sweetest, melting expression. Good spring of rib, balanced, well muscled through his thigh, and hocks well let down. Lovely straight silky coat. **2. Clopsville Meridian** (Rychlik) This was another really lovely dog. Beautiful headpiece. Good arch of neck leading to well-laid shoulders. His rear matched his front allowing him to move with reach and drive, his tail off his back.

#### **Special Limit Tricolor Dog (5)**

**1. Piccadil Dream A Lil Dream Of Me** (York) Two-year-old well broken tri dog, beautifully turned out and presented. Handsome headpiece, large eyes, very good tan placement and color which is so important on a tri dog. He was well constructed dog, all in balance. Good arch of neck, good front assembly, hard topline, and well angulated hind end. Moved with reach and very good drive, using today's big ring to his full advantage. Straight

silky coat, well broken, with rich tan markings. This dog was perfectly fit, in full bloom, and never stopped showing.

**2. Chadwick Cheers at Hudsonview, C-RN** (Glynn) This two year old boy had a beautiful headpiece with big dark eyes, frontally placed and a soft expression. Blanketed tri but with rich tan markings and straight coat texture, which are highly desirable features in a tri dog. Balanced proportion, moderate angulation, and pleasing side gait. In my consideration this day, I thought he needed a bit of time to muscle up and for his full coat to come in.

**3. Chewcreek Red Solo Cup, JW** (DePhillip) This is a smaller dog but very pretty and typey with much to recommend him. I liked his soft expression, cobby shape, and straight silky coat. Balanced front and rear and moved with his tail off his back. In my evaluation this day, I thought he needed additional physical conditioning through his hind end to allow him to move out with the bigger-moving dogs in his class.

**4. Bonitos Campaneros Nothing Compares** (Bialek/Kirschbaum/Vorderstrasse) More masculine but handsome headpiece on this tri boy. Large round dark eyes, well cushioned beneath. Shown in abundant coat of straight silky texture. Beautifully turned out and presented.

#### **Special Limit Ruby Dog (2)**

**1. Darane Hellboy, JW** (Kates) Really lovely 2 1/2 year old ruby dog. He had very large, dark eyes, well cushioned beneath, and good ear set, creating a sweet, melting expression.
