

**CKCSC, USA National Specialty
October 9, 2021, Camp Hill, Pennsylvania
Pam Burkley, Saintbrides Cavaliers**

I want to thank the CKCSC-USA for inviting me to Judge the 2021 CKCSC-USA National Specialty, it was truly an honor. My ring and table stewards were fabulous! It was wonderful seeing the quality of the exhibits, the temperaments still fabulous. The eyes very much to the Breed Standard as was overall size. In some classes the quality was so high that they could have switched places any day.

On the downside, as gorgeous as most of the heads were (Breed type), many exhibits were very disappointing in rear structure.

Please read the Breed Standard. Cavaliers are a “moderate” Breed. Nothing exaggerated.

Especially the head. Shoulders “moderately laid back,” not well laid back.

Tail carried level with the back.

NO trimming of the dog is allowed. This is not a suggestion; it is a requirement.

The hind legs viewed from the rear, should parallel each other from hock to heel. Hocks well let down.

If you breed, learn movement. Learn correct rear structure. The croup on so many exhibits were blatantly wrong, either too steep or too flat with straight stifles and flying tails curled up in the air or down tucked under their backend. Which presents problems like no drive, rear legs kicking out to the side, tails curled over the back, choppy little movement. You want a sound dog with correct structure and movement, when it is not there, it is a glaring error.

It is just an unsound exhibit. Unsound will not win under any competent Judge in any Club, or any venue.

It was a beautiful day; all exhibits were presented in sparking condition with wonderful temperaments. I loved my day; I loved all the dogs, and I loved seeing old friends and meeting new ones. Thank you again for inviting me.
