

ATTENTION EXHIBITORS

There are a lot of things that will need to happen before we can start having agility trials again. We are offering this premium list in hopes that the government will be allowing things to start heading towards normal by the time of this event. Only time will tell. Please watch our website and your email for updates. If this event has to be canceled, everyone entered will be notified via email. The decision will be made by the club prior to the closing date so that checks can be put through the shredder. Thank you for your patience and understanding during this difficult time. Please read the following important information from the facility owners.

Thank you and stay safe!

Fast Times Agility

A Notice to all Competitors considering entering upcoming summer trials at Premier Sports Center:

Premiums are being prepared for trials in June & July at the Premier Sports Center in Southampton, NJ. Please read this important information.

Due to Covid-19: The settlement date for the Center and subsequent HVAC improvements (which have already been designed) have been delayed.

For these first trials, we will most likely have to rely on the climate control system that is there now. If we get a hot weekend, **it may be warm in the arenas in the afternoons.**

Here is what we are planning to do to try an offset this possibility:

- The current HVAC system working at its maximum.
- Several Floor fans will be running to increase circulation.
- There is a 2000 square foot **air conditioned** club house where we will attempt to crate **entered dogs only!** Please note that once the HVAC improvements are completed, there will be plenty of room to crate on the turf fields and crating will not be limited to just entered dogs.

Also due to pandemic, no unentered persons or dogs will be allowed inside the building. Please bring a copy of your

confirmation or have it available on your cell or tablet for proof of entry as you may be asked to present this.

For these first 3 summer trials we will be using 2 rings but are limiting runs to 350 per day with just 1 judge. The ring not being judged will be open for walking for a longer period so that the amount of people walking together can be limited.

MASKS MUST BE WORN when walking courses or while in the clubhouse crating area. Masks **will not** be required when running your dog, warming up your dog, or when outside the building. Volunteer workers may also be required to wear a mask. **These requirements may change based on the NJ governor's guidelines at the time of the trial.** Masks may be required at all times inside the building except when warming up and running your dog. Please read final confirmations for definite mask rules.

Volunteer workers will receive chances to win baskets, Gift cards, and worker bucks, however, no food or beverages will be offered.

Competitors will need to bring their own food and beverages for themselves and their canine partners. There will be no food or beverages available for purchase and there **will not** be a hospitality table.

Stay Healthy. We are looking forward to seeing everyone soon!
